WATERPROOF WALL TILES

MURS

The original
dumawall®
WATERPROOF WALL TILES

A rectangular tile sample with a light beige, slightly textured surface, showing subtle variations in tone and a fine, organic pattern.

911 CHICAGO

A rectangular tile sample with a dark grey, almost black, textured surface. It has a mottled appearance with some lighter grey veining and a slightly rough, stone-like texture.

916 DENVER

A rectangular tile sample with a light grey, textured surface. It features a subtle, organic pattern with some darker grey veining and a slightly rough, stone-like texture.

915 ORLANDO

A rectangular tile sample with a white background and prominent, flowing, light grey veining, characteristic of Calacatta marble.

949 CALACATTA

A rectangular tile sample with a light green, textured surface. It has a mottled appearance with some darker green veining and a slightly rough, stone-like texture.

917 BOSTON

A rectangular tile sample with a dark, almost black, textured surface. It features prominent, flowing, light grey veining, characteristic of Sicilian marble.

A51 SICILIA

A rectangular tile sample with a plain, light grey, textured surface. It has a subtle, organic pattern with some darker grey veining and a slightly rough, stone-like texture.

918 WHITE

A rectangular tile sample with a dark, almost black, textured surface. It has a mottled appearance with some lighter grey veining and a slightly rough, stone-like texture.
